

Aman Vishwakarma

Kanpur Nagar, Uttar Pradesh

V25038@students.iitmandi.ac.in | linkedin.com/in/aman-vishwakarma-4b60b9240

Career Objective

MSc Physics student at IIT Mandi with strong foundations in computational physics, numerical methods, and data analysis. Skilled in Python programming, scientific computing, and visualization techniques with interest in data-driven problem solving and research applications.

Technical Skills

- **Languages:** Python, C, C++
- **Data Analysis:** NumPy, Pandas, Matplotlib, Data Visualization, Basic Statistics
- **Scientific Computing:** Numerical Methods, Computational Physics, Data Cleaning
- **Tools & Platforms:** Jupyter Notebook, Microsoft Excel, Claude AI, ChatGPT
- **Physics Domains:** Quantum Mechanics, Classical Mechanics, Electromagnetic Theory

Education

Indian Institute of Technology (IIT) Mandi	2025 – Present
M.Sc. Physics	
Chhatrapati Shahu Ji Maharaj University, Kanpur Nagar	2022 – 2025
B.Sc. Physics	8.09
Subhash Smarak Inter College, Kanpur Nagar	2021
Class XII	78.2%
Gyan Udyan Inter College, Kanpur Nagar	2019
Class X	85.67%

Relevant Coursework

- Quantum Mechanics, Classical Mechanics, Mathematical Physics
- Electromagnetic Theory, Statistical Mechanics
- Condensed Matter Physics, Atomic & Molecular Physics
- Computational Physics, Number Theory

Laboratory Experience

- Worked on Franck–Hertz Experiment, G–M Counter, Michelson Interferometer, Hall Effect, Zeeman Effect, and Four Probe Method.
- Performed experiments related to Quantum Optics and Thermal Diffusivity measurements.

Certifications

- Programming Fundamentals using Python – Infosys
- Familiarisation Workshop on Quantum Computing – IISc Bengaluru

Achievements & Interests

- Qualified IIT JAM Examination 2025.
- Interested in Computational Physics, Machine Learning Fundamentals, and Scientific Computing.
- Strong problem-solving and analytical reasoning skills.

Languages

English (Fluent), Hindi (Fluent)
